

ClipperLib::ClipperBase

```
classDiagram
    class ClipperBase["ClipperLib::ClipperBase"]
    class Clipper["ClipperLib::Clipper"]
    Clipper --|> ClipperBase
```

The diagram illustrates an inheritance relationship. A dashed rectangular box at the top contains the text "ClipperLib::ClipperBase". Below this box, a solid rectangular box contains the text "ClipperLib::Clipper". A vertical arrow points from the bottom of the "ClipperLib::Clipper" box to the bottom edge of the "ClipperLib::ClipperBase" box, indicating that Clipper inherits from ClipperBase.
